

**Matawa Learning Centre
4th Annual Report
Seven Youth Inquest
Academic 2019-2020**

Timeline: In our annual report, you will often find a timeline of the past 4 academic years for MLC which highlights our year to year progress in implementing our Seven Youth Inquest Recommendations.

Name Change: It's important to note that we changed our school name from Matawa Learning Centre (MLC) to the Matawa Education and Care Centre (MECC) beginning in academic 2019-2020. For the purposes of Seven Youth Inquest annual reporting MECC continues to use MLC as that was our official name throughout the proceedings.

RECOMMENDATION 6		
In order to commemorate the lives of Jethro Anderson, Curran Strang, Paul Panacheese, Robyn Harper, Reggie Bushie, Kyle Morrisseau and Jordan Wabasse, and in consultation with their families, memorial scholarships should be awarded to students in high school who excel at the talents in which the seven (7) youths were gifted.

Canada, Ontario, Northern Nishnawbe Education Council (NNEC), Keewatinook Okimakanak (KO) and Matawa Learning Centre (MLC)	<p><u>Matawa 2016 AGM</u>: The Chief's Council of Matawa First Nations Management directed the Matawa Education Department, in consultation with Jordan Wabasse's family and the Matawa Education Authority Board of Directors, to develop criteria for a scholarship in Jordan's name to be awarded annually to a student from a Matawa First Nation. The Chiefs Council acted by way of resolution dated July 28, 2016.</p> <p><u>About the JWMA's</u>: The Jordan Wabasse Memorial Awards honours graduating Matawa students who share Jordan Wabasse's dedication, commitment and passion for sports and outdoor education. Each year 6 memorial awards totaling a \$1000 each are awarded to graduating students who excel in Athletics and Outdoor Education from Simon Jacob Memorial Education Centre (SJMEC) in Webequie First Nation; as well as, the Matawa Learning Centre (MLC) and Provincial Schools in Thunder Bay.</p> <p><u>Academic 2017-2018:</u></p> <p>Funding was received from Ontario to implement this Inquest Recommendation. The Jordan Wabasse family, Webequie Education Authority and MLC hosted the 1st annual Jordan Wabasse Memorial Awards (JWMA) held June 27, 2018 at Simon Jacob Memorial Education Centre in Webequie First Nation.</p> <p><u>Academic 2018-2019:</u></p>	A – Accepted C – Complete

	<p>Funding has been received from Ontario to implement this Inquest Recommendation for the 2018-2019 school year. The 2nd Annual JWMA's were held at the graduations of the winners. In addition, Webequie Education Authority and MLC coordinated Jordan Wabasse's family; which included, his mother, grandmother, brothers, uncle and cousin to attend the graduations to help distribute the JWMA's to the winners.</p> <p><u>Academic 2019-2020:</u></p> <p>Jordan Wabasse Memorial Awards: Funding has been received by Ontario for academic 2019-2020 but due to the COVID-19 pandemic end of year graduation celebrations for June 2020 were celebrated remotely or from a safe distance. MLC, Webequie Education Authority, and the Jordan Wabasse Family awarded 6 graduating students with a Jordan Wabasse Memorial Award this year. Awarded students graduated from Simon Jacob Memorial Education Centre in Webequie First Nation; as well as, Matawa Education and Care Centre and Superior Collegiate and Vocational Institute in Thunder Bay.</p> <p>Jordan Wabasse Memorial Awards update at NAN Families Gathering: MLC was very happy to help plan the Nishnawbe Aski Nation Families Gathering on November 26-28, 2019 which brought together the families from the Seven Youth Inquest to meet with other families, engage in healing workshops; and furthermore, receive updates on the Seven Youth Inquest Recommendations progress and the Office of the Independent Police Review Director Re-Investigation process and status. Seven members of Jordan Wabasse's family attended the gathering.</p>

RECOMMENDATION 7

In moving forward with any initiatives that respond to the Inquest recommendations, the parties should be guided by the following statements:

- **All of the Treaty Partners, including Indigenous communities and governments, Canada and Ontario, must respect the treaty rights of others and work together towards fulfilling treaty obligations;**
- **First Nation governments exercise inherent control over their education systems;**
- **First Nation communities seek to have greater responsibility to govern their own spiritual, cultural, social and economic affairs;**
- **Without improvement of conditions in First Nations reserve communities, a gap in education outcomes between Indigenous and non-Indigenous students will remain;**
- **Canada should support individual First Nations Communities as they develop local solutions to the effects of colonial policy; and**
- **In order to ensure timely delivery of publicly funded services to First Nations children, where jurisdictional divisions or disputes within or between governments threaten to delay or impede the provision of services, Jordan's Principle should apply.**

<p>Canada, Ontario, the City of Thunder Bay, Thunder Bay Police Service, NAN, NNEC, KO, DFCHS and MLC</p>	<p>The MLC has always and continues to: support treaty rights, First Nation control over First Nation education, spiritual life, cultural life, social life and economic affairs.</p> <p>The MLC is painfully aware of the need for Canada’s support on these fronts and that a lack of improvement on these fronts will mean that the gap in education outcomes between Indigenous and non-Indigenous students will persist.</p> <p>Past failures to respect treaty rights and First Nation control over education, spiritual life, cultural life, social life and economic life have resulted in the underfunding of on and off-reserve education for First Nation youth.</p> <p>At the Matawa First Nation community level the Seven Youth Inquest Recommendations calls for the government of Canada to address the following areas in each Matawa community:</p> <ul style="list-style-type: none"> • Increasing Programs and Service to Eliminate Educational Gaps • On Reserve Education (i.e. Early Childhood, Elementary, Secondary, and Adult Education) • Funding Needs • Living Conditions • Health Issues • Youth Substance Abuse on Reserve • Community Based Transition Programs • Youth Participation in Decisions • Fostering Greater Collaborations and Partnerships <p>MLC has been advocating for Canada to address these areas to improve the conditions within the Matawa First Nations communities, eliminating the gap in education outcomes between Indigenous and non-Indigenous students.</p> <p>MLC’s most recent proposal to have an Inquest Coordinator in each Matawa community to address the community related Inquest Recommendations was turned down by Canada’s Choose Life program – a suicide prevention program – despite the fact that the community Inquest Recommendations were trying to address are the precursors to the youth suicide crisis our Matawa communities are facing like living conditions, health issues, substance abuse, etc.</p> <p>In addition, MLC will receive NO direct funding from Indigenous Services Canada as a result of the new Education Transformation Formula for the 2020-2021 school year.</p> <p>In the experience of the MLC the most significant funding and policy barrier continue to be:</p> <ul style="list-style-type: none"> • The refusal to fund MLC directly because it is off-reserve. MLC will not be covered under Canada’s new Education Transformation Formula. • No long-term funding commitments from the provincial or federal government for Inquest Recommendations. • No specific funding source for Inquest Recommendations. • Lack of funding for staffing resources to implement Inquest Recommendations, especially at the First Nation community level. 	<p>A – Accepted C – Complete</p>

	<ul style="list-style-type: none"> Lack of policy changes from the provincial and federal government to ensure long-term sustainable change for Inquest Recommendations. <p>MLC believes in Jordan’s Principle, and we continue to engage in discussions with Canada and Ontario, with a view towards working together to ensure the above-noted issues are addressed for First Nation youth from our communities. IF these discussions are successful, MLC’s funding partners will be taking significant, concrete steps towards respect for treaty rights and First Nation control over education.</p>

RECOMMENDATION 49

In order to provide students from First Nations communities in NAN territory and their families with firsthand information regarding the community supports and opportunities that are available when they attend school in Thunder Bay, consult with other community partners to encourage and facilitate visits by those community partners to the NAN communities to speak and engage with students prior to their move to Thunder Bay.

Grade 8 Matawa Student Orientation Trip in Thunder Bay:

	<p>The Matawa Grade 8 Student Orientation Trip was May 6-10, 2019 and aimed to provide students an opportunity for remote Matawa First Nations communities to meet with their Thunder Bay peers and to be introduced to the City of Thunder Bay and its high schools in a positive and supervised environment. Students were able to be part of City of Thunder Bay, MLC and provincial school orientation sessions so that they can familiarize themselves with the community and schools prior to beginning high school. MLC brought in 24 Matawa Grade 8 students and chaperones from the following remote Matawa First Nation communities to attend an orientation tour:</p> <ul style="list-style-type: none"> • Eabametoong First Nation <ul style="list-style-type: none"> ○ 7 students & 2 chaperones (Male and Female) • Marten Falls First Nation <ul style="list-style-type: none"> ○ 1 student & 1 chaperone • Neskantaga First Nation <ul style="list-style-type: none"> ○ 2 students and 2 chaperones (Male and Female) • Nibinamik First Nation <ul style="list-style-type: none"> ○ 3 students and 2 chaperones (Male and Female) • Webequie First Nation <ul style="list-style-type: none"> ○ 2 students and 2 chaperones (Male and Female) <p><u>Academic 2019-2020:</u></p> <p>MLC and Matawa Education continue to work closely with our Matawa community schools to meet with grade 8 students and their family members prior to their transition to an urban centre like Thunder Bay. Throughout the year, Matawa Education staff have visited Matawa communities to discuss our school's programs and services; as well as, various community supports available in Thunder Bay.</p> <p>In addition to meeting with grade 8's directly, Matawa Education staff regularly meet with Matawa First Nation's Education Directors, Principals, Education Counsellors and On Call Workers which aids in grade 8 student transition as well.</p> <p>Unfortunately, our Grade 8 Matawa Student Orientation Trip in Thunder Bay has been postponed this year due to the COVID-19 pandemic and resultant school closure. We look forward to when we can safely host Matawa's grade 8 students once again prior to their transition to an urban centre like Thunder Bay.</p>

RECOMMENDATION 51

Canada, NNEC and MLC should form a working group to establish a mutually beneficial relationship regarding sharing of resources in one central facility in Thunder Bay.

PARTIES TO WHOM RECOMMENDATION ADDRESSED	MLC RESPONSE/ACTION	STATUS OF RESPONSE
Canada, NNEC and MLC	<p>MLC is an active participant in several working groups with Canada and NNEC/DFC in which parties work together to implement recommendations; which include:</p> <p><u>Working Groups with Canada and NNEC:</u></p> <ul style="list-style-type: none"> • Political Table 	B – Accepted C – Complete

- Education Table
- Task Team Tables
 - Student Well Being
 - Programs, Funding and Services
 - Infrastructure
 - Legal
- IR # 64 – Programs/Services with ISC
- IR#114 – Youth Detox Working Group

Additional Working Groups with NNEC/DFC:

- IR #91 – Missing Students Working Group
- IR #97 – LCBO Anti-Runners Social Media Campaign
- IR #112 – Anti-Hate Crimes Public Education Campaign
- IR#115 – River and Waterways Safety Working Group
- IR#116 – Anti-Racism Social Media Campaign and Public Forum

One Central Facility: As you can see MLC and NNEC have an excellent working relationship, regularly consult on many recommendations and share resources often in our working groups. However, given that we are two different organizations with different governance structures and the sheer magnitude of the number of students who must leave their home communities to attend high school (because their home communities do not have high schools) in NNEC and Matawa First Nation communities, it is not practical to believe that these students can be safely or appropriately accommodated in one facility.

Academic 2017-2018:

Grandview Lodge Acquisition and Renovation: The City of Thunder Bay sold Grandview Lodge (former long-term care facility) to Matawa First Nations Management for a nominal fee. Four phases of renovation started and the Matawa Education Department which includes the MLC moved into the new building in phases.

Academic 2018-2019:

MLC completed our first school year at new site (i.e. Grandview Lodge) and changed our name to the Matawa Education and Care Centre (MECC).

Key Features of the MECC:

- Courses offered from 9:00am to 8:00pm.
- Evening and weekend activities and educational support.
- After hours student support which includes On-Call Services and Safe Sobering Site for all Matawa students in Thunder Bay.
- Integration of best practices and research-based curriculum development.
- Class structure that promotes thinking and experiential learning, with a strong focus on cultural teachings and land-based learning.
- Trades and Co-Operative education.
- Comprehensive assessments for all students attending school.

- All the necessary physical spaces, including a full-size gymnasium; computer and science labs; multimedia rooms; arts, music, drama classes, exercise rooms; and traditional and cultural spaces.

The following school renovations have been completed thus far:

- Matawa Safe Sobering Site
- General Purpose Classrooms
- Science Lab
- Learning Kitchen
- Art Classroom
- Elder’s Kitchen
- Counselling Spaces
- Fitness Centre
- Administration Offices

Upcoming school renovations to be completed September 2021:

- New Gymnasium

Canada Investment Announcement:

- Canada invested \$19,000,000 for our Care Centre which will accommodate 100 students while they attend school in Thunder Bay
- Renovations started in academic 2018-2019

Academic 2019-2020:

Currently undergoing the following school renovations:

- Cafeteria
- Additional Classrooms
- Student Care Centre (Accommodations for 100 Matawa students)

Key Features of our Care Centre:

- 24 Hour Support with a 10:1 ratio of care.
- Manage the safety and security of the student, accommodation, food services, recreational, spiritual, cultural activities and health services.
- After hours recreational, cultural and spiritual activities that will provide students with the opportunity to get to know each other, learn new skills and participate in safe and healthy activities.
- Health care services and mental health counselling for all students.
- An assessment and application process to be accepted to the Care Centre where each student will have to complete a comprehensive education, health and cultural evaluation.

RECOMMENDATION 64

In order to improve education outcomes of First Nations youth who attend secondary school in Thunder Bay and to develop important values, in consultation with NNEC, KO, DFCHS, PFFNHS and MLC, provide on-going, predictable and reliable funding to ensure there is appropriate staff complement and programs to address the cultural needs of DFCHS, PFFNHS and MLC students starting for the 2016-2017 school year, including:

- i. Appropriate ratio of education assistants to students;**

	<ul style="list-style-type: none"> ii. Appropriate number of Elders (male and female) to be available during school hours; iii. Dedicated space for Elders to spend time with students and resources for the activities that they wish to engage in with the students; iv. Curriculum development that supports language, culture and traditional activities; v. Regular professional development for teachers regarding how to incorporate traditional language, culture and activities in day-to-day teaching; vi. Additional staff member or members required for each school whose sole role is to take the lead in teaching traditional skills, culture and land-based learning; vii. Funding for land-based learning; and viii. Funding to facilitate development of Ojibway/Cree immersion programming. 	
PARTIES TO WHOM RECOMMENDATION ADDRESSED	MLC RESPONSE/ACTION	STATUS OF RESPONSE
Canada, NNEC, KO and MLC	<p><u>Academic 2017-2018:</u></p> <p><u>Education Assistants – i:</u> No commitment to funding by Canada or Ontario for the 2017-2018 school year.</p> <p><u>Elders – ii:</u> MLC received funding for two Elders. MLC’s Elders are both from a Matawa First Nation so they are very familiar with the students and their home communities. Our Elders are available to students each school day.</p> <p><u>Elders Space – iii:</u> MLC designed an Elders space for our new school site.</p> <p><u>Curriculum Development – iv:</u> MLC has developed a partnership with the Critical Thinking Consortium (CTC) for instructional consulting and professional development. The CTC helped adapt and develop independent learning resources which are tailor made for Matawa First Nation students. For instance, MLC developed culturally appropriate curriculum in Outdoor Education, Physical Education and Art in which First Nations culture and traditional activities are the foundation.</p> <p>Examples of new curriculum include:</p> <ul style="list-style-type: none"> • <u>Healthy Active Living Mobile Credit</u> – Each summer students paddle from one Matawa First Nation to another for this credit. In July 2018 Matawa students aged 15-20 participated in a 2-week long Grade 12 credit where they paddled 240 km along the Kitchi Siipi (Albany River). Students went from Eabametoong First Nation to Marten Falls First Nation with an instructor team consisting of MLC’s Outdoor Education Teacher, a local guide and knowledge keeper, and professional river guides. Students had training and real-life experience in canoeing, canoe rescues, swimming in rapids, team roles, etc. Students learn traditional Ojibway and Oji-Cree canoeing routes, knowledge, and skills. • <u>Healthy Active Living and Large Group Activities</u> – A Ministry of Education approved course where students participate in ice time 2 days a week and 50 hours off ice time for instruction and floor hockey. MLC follows the Hockey Canada Skills Academy national guidelines for individual player development. 	<p>A – Accepted B – Complete</p>

MLC has been approved to be a licensed Hockey Canada Skills Academy (in 2018-2019). The hockey credit helps students who play competitive hockey while in Thunder Bay. Instruction comes from our MLC teacher who is a certified hockey coach as well as guest coaches. Open to MLC students of all abilities and all equipment is provided and there are no additional costs for students. Cultural workers work with the teacher by smudging the students and their hockey bags before tournaments and conducting seasonal teachings with students.

Professional Development – v: CTC has been working closely with MLC administration and educators to facilitate professional learning sessions, conduct community consultation sessions and review how new learning resources are impacting student learning.

Outdoor Education Teacher and Cultural Workers – vi:

In all of our classes and excursions Cultural Workers and even Elders are embedded into the classroom experience for students. At MLC all teachers have been working closely with Cultural Workers and Elders to incorporate educational lessons, activities and programming that is reflective of student’s traditional activities and culture.

Funding for Land Based Learning – vii: Funding was received for an Outdoor Education Teacher, Art Teacher, Cultural Workers and Elders which worked together to educate students on:

- Traditional knowledge and skills from local First Nations artists,
- Creating First Nation inspired art through a variety of media,
- Learning wilderness skills and going camping,
- Learning to cook with traditional First Nation ingredients over an open fire in in the kitchen,
- Participating in water safety training and going canoeing and white-water rafting,
- Building garden boxes for our Spirit Garden where students are learning about growing and harvesting traditional First Nation medicines and ingredients,
- And participating in weekly outdoor education activities.

Ojibway/Oji-Cree Immersion Programming – viii: No commitment to funding by Canada or Ontario for the 2017-2018 school year

Academic 2018-2019:

Education Assistants – i: No commitment to funding by Canada or Ontario for the 2018-2019 school year.

Elders Space – iii: MLC created a dedicated Elders space which includes a full-sized kitchen, dining, and lounge area in academic 2018-2019.

Curriculum Development – iv: MLC continues to partner with Critical Thinking Consortium (CTC) for instructional consulting and professional development. MLC continues to enhance and develop culturally appropriate curriculum with an increased emphasis this year on cross-curricular instruction.

Examples of new curriculum include:

- Forest Meets Farm with Roots to Harvest (Outdoor Education): Instruction is provided by our Outdoor Education teacher with support from Cultural Workers and Elders; as well as, Roots to Harvest staff. Students learn about wild and cultivated foods through hands on experiences with locals who grow, forage, fish and farm food all while deepening their food literacy and traditional knowledge and skills.
- Sweat Lodge Installation with Youth Fusion (Outdoor Education, Science and Geography): Cross-curricular instruction is provided by multiple teachers specialized in their field of study with support from Cultural Workers and Youth Fusion staff. Students have been working on an environmental design project from start to finish. The students choose to build a Sweat Lodge which will sit on the east side of our school property. One of our Cultural Workers is a Sweat Lodge Keeper who is helping students harvest materials and provide teachings associated with the creation of our Sweat Lodge.

Professional Development – v: CTC continues to work with MLC to facilitate professional learning sessions, conduct community consultation sessions and review how new learning resources are impacting student learning. Teachers also participate in regular PD sessions which include conferences, presentations, etc.

Outdoor Education Teacher and Cultural Workers – vi: Our Outdoor Education Teacher and Cultural Workers; in addition to, our elders, continue to take the lead in teaching traditional skills, culture and land-based learning.

Funding for Land Based Learning – vii: Funding was again received for an Outdoor Education Teacher, Art Teacher, Cultural Workers and Elders.

Academic 2019-2020:

Education Assistants – i: No commitment to funding by Canada or Ontario for the 2019-2020 school year.

Elders Space – iii: MLC created a dedicated Elders space which includes a full-sized kitchen, dining, and lounge area in academic 2018-2019.

Cultural Curriculum Development and Professional Development – iv and v: MLC continues to partner with Critical Thinking Consortium (CTC) for instructional consulting and professional development. MLC continues to enhance and develop

culturally appropriate curriculum with an increased emphasis this year on cross-curricular instruction. Updates this year include:

- Gr. 9 Applied English Course designed by the CTC has been completed and implemented into MLC's curriculum; in fact, it has already been taught and utilized by teachers and being completed by Matawa students.
- Gr. 9 Applied English Course is also being shared and utilized with other partnered school boards.
- A meeting was had with school administration and the Curriculum Development Officer in January 2020 about plans to continue and develop partnership.
- 2 new courses are in the process of being selected to develop alongside CTC.
- CTC online resources and professional development being utilized by teachers and students during Home Instruction protocol due to COVID-19 pandemic.

Outdoor Education Teacher and Cultural Workers – vi: Our Outdoor Education Teacher and Cultural Workers; in addition to, our elders, continue to take the lead in teaching traditional skills, culture and land-based learning. MLC was successful in obtaining funding to expand our Outdoor Education program to include 2 Mental Health Land-Based Coordinators.

Funding for Land Based Learning – vii: Funding was again received for an Outdoor Education Teacher, Art Teacher, Cultural Workers and Elders.

About MLC's Outdoor Education & Cultural Programming:

MLC's Outdoor Education and Cultural Program follows the seasons which is traditional to our Ojibway and Oji-Cree student's way of life. MLC uses the natural environment and its teachings as a guide in lesson planning and programming. MLC's staff work together to provide comprehensive, experiential and culturally appropriate learning and programming for students. In addition to the programming below MLC students also have access to drop in cultural programming each evening and weekend; as well as, access to faith-based teachings and programming. MLC's elders are also very involved in student workshops, excursions, special events, etc.

2019-2020 Outdoor Education Highlights:

- Kitchi Sippi Expedition: Throughout July 1-15, 2019 Matawa students completed a Kitchi Siipi Expedition, a community to community canoe trip from Eabametoong First Nation to Marten Falls First Nation. In 2019, the trip was expanded to offer two credits, students created an incredible report on the ecosystem, and how the trip impacted them. There was even a follow up retreat in October, that brought students back together and further solidified the learning from the trip. Students earned 1 certification and two skills certificates, all while travelling within and connecting with their traditional territory on a traditional canoe route.
- Ice Rescue and Wilderness First Aid Course: In December of 2019, MLC hosted an incredible combined course of Wilderness First Aid, and Ice Safety and Rescue. It was a super successful week with all MLC students earning two certifications, and loads of personal development.

Elders: MLC has also received funding for two Elders to deliver Elder programming to students. Our two Elders have been regularly requested by students to help when students were experiencing alcohol/substance related issues and mental health distress.

Thunder Bay Situation Table: To further ensure that students are receiving the support they require MLC became an official member of the Thunder Bay Situation Table in academic 2017/2018. The Situation Table is a community-led initiative which started in November 2017 and includes representatives from more than 30 local organizations across sectors – including mental health and addictions, justice, social services, employment and education – to help those at acutely-elevated risk of imminent harm, victimization or criminalization. Since MLC students face complex situations and multiple risk factors it was important for MLC to receive official Situation Table membership and fortunately the Situation Table process has successfully helped our students.

Thunder Bay Drug Strategy Committee: In addition, MLC is also an active participant on the Thunder Bay Drug Strategy committee which helps with prevention, treatment, education, outreach, etc.

Academic 2018-2019:

St. Joseph’s Care Group Partnership: MLC continues to form our partnership with St. Joseph’s Care Group for the purpose of helping MLC to deliver fully integrated holistic student-centered programs and services. This year, students begun the process of completing comprehensive education, health and cultural evaluations. MLC has one Youth Worker hired by St. Joseph’s Care Group who is fully integrated into the classroom and after school program. In addition, we have a 1 Counsellor working every Tuesday doing individual sessions with students who have been identified as needing next level supports. We also have 1 supervisor who will be overseeing St. Joseph’s Care Group staff.

Mental Health Workers: Mental Health Workers continue to provide student assessments, after care and referrals and daily student access to walk-in and appointment-based counselling. New this year is the

Mental Health Small Groups Program: This new program ran on Thursdays and taught student’s wellness lessons in self-care, coping skills, leadership skills, etc.

Elders: MLC’s two Elders continue to be regularly requested by students to help when students were experiencing alcohol/substance related issues and mental health distress. They are also more embedded into the classroom this academic year.

Tables and Committees: MLC continues to sit on the Situation Table and the Thunder Bay Drug Strategy Committee. MLC also joined the Youth Tragic Event Response Committee and Youth Violence Prevention Project in Thunder Bay and District Advisory Committee this academic year.

Wellness Wednesday: MLC continues to invite health professionals from local partner health organizations to provide students with a variety of presentations and

interactive workshops which teach students about health, wellness, safety and their culture.

Academic 2019-2020:

Special Education: MLC was successful in obtaining funding for a Special Education program which was formed in academic 2019-2020 and is comprised of 1 Special Education Coordinator, 3 Special Education Resource Teachers, and 2 Classroom Assistants. Although the Special Education program is in its infancy, many goals have been accomplished by the team in this actively evolving programme. MLC is now able to provide the following special education supports to our students:

- Education screening assessments and the development of individual special education plans which include the necessary resources and instructional supports required to meet individual learning needs
- Reading intervention and assessment
- Direct skill and strategy instruction
- Individual and small group instructional support
- Relationship building and classroom community development
- Promotion of self-awareness of individual students' learning strengths and needs
- Teacher mentoring to provide direction on best practices for working with special needs youth
- Fill in gaps for young adult learners that have been away from school for an extended period of time or have not achieved the required number of junior credits necessary for graduation. Alternative learning courses in PLAR (Prior Learning Assessment and Recognition) are taught to support the grade ten equivalency process.
- Special education equipment, software, and assistive technology

St. Joseph's Care Group Partnership: MLC has formed a great partnership with St. Joseph's Care Group for the purpose of helping MLC to deliver fully integrated holistic student-centered programs and services. This year students continued to completing comprehensive education, health and cultural evaluations. Approximately 50 students completed Strength Assessment Inventory that will be utilized in program development, implementation in both academic and social settings.

In September 2019 the school expanded further to include the following St. Joseph's Care Group staff for our student's health and wellbeing:

- 1 FT Clinical Supervisor
- 3 FT Mental Health and Addiction Counsellors
- 2 FT Child and Youth Workers
- 1 0.25 Nurse Practitioner
- 1 PT Psychologist
- 1 PT Family Therapist
- 1 0.2 Psychiatrist

Utilization of SJCG Services:

- St. Joseph's Care Group's Sister Margret Smith Centre, a residential treatment centre, has been utilized with success by 4 MLC students and we currently have 2 students on the waitlist.
- 26 of our MLC students have regular sessions between the 3 Mental Health and Addiction Counsellors.
- St. Joseph's Care Group began running a weekly Saturday group which started in January 2020 and a new lunch hour drop-in student group which started in

	<p>February 2020 that teaches students 7 Grandfather teachings, Introduction to 12 Step, Self-Care, etc.</p> <ul style="list-style-type: none"> • St. Joseph’s Care Group facilitated training sessions for MLC staff at the beginning of the 2019-2020 school year. - October 30, 2019 - **Strengths and Pizza Party**: This workshop helped students identify their strengths and the positive qualities they bring to all aspects of their lives such as, friendly, caring, smart, good sister, awesome hockey player. Students celebrated their strengths with peers and staff. Another part of the workshop discussed the importance of working at certain areas in our lives to gain strength in such as school work.
- November 6, 2019 - **Cedar Bowl/ Self-Care**: This workshop was about how important of self-care is for the student’s overall well-being. They learned about how self-care and how it can relate to the medicine wheel. Students participated in a Cedar Bowl Cleansing and learned about cedar and the benefits cedar can have on our self-care.

The next Wellness Wednesday sessions were a school-based prevention program called The Fourth R - Healthy Relationships Plus Program- Enhanced. It is a comprehensive school-based prevention based on extensive research. The program promotes healthy relationships and targets violence (bullying, peer and dating violence), high-risk sexual behaviors and substance use among youth. The students learn through best-practice approaches to building skills and reducing harm among youth.

Fourth R – Healthy Relationship Plus Program:

In order to ensure that students receive orientation at the time of their arrival as well as ongoing support as they transition to life in Thunder Bay, in addition to the current orientation sessions conducted by DFCHS, MLC and the City of Thunder Bay and other community partners, new students should be partnered with peer mentors who have experience in Thunder Bay and are willing to assist with day-to-day issues that may arise, including:

- i. Resisting negative peer pressure;
- ii. Reporting incidents of racism;
- iii. Encouraging students to attend school and apply themselves to their studies;
- iv. Reporting concerns regarding boarding homes;
- v. Promoting healthy lifestyles; and
- vi. Organizing activities to reduce risk factors.

2018-2019 Student Harm Reduction Training and Workshops:

- Oct 17/18 – **Crisis Response** spoke to students about services they have, how to contact them and gave students resources.
- Oct 24/18 - **Adult and Teen Challenge** presented about the dangers and long-term effects from using alcohol and drugs and spoke to students about the program and how they can access it.
- Nov 21/18 - **National Addiction Awareness Week** – Presentation on what addiction is, how it impacts ourselves and loved ones, and a discussion about the importance of the awareness week.
- Dec 5/18 - **Harm Reduction** with Ontario Aboriginal HIV/AIDS Strategy where students learned the importance of harm reduction, what harm reduction is and various tips on how to practice harm reduction in their own lives.
- January 16/19 - **Harm Reduction** with Ontario Aboriginal HIV/AIDS Strategy presented education around STI's, drug and alcohol dangers as well as medical information that pertain to STI's, drugs and alcohol.
- Jan 30/19 – **Addictions** - Personal Testimony from a St. Joseph's Care Group worker who presented to the students his personal testimony on his addictions and the obstacles/trauma he experienced while growing up into his adulthood, he spoke about ways he worked through them, talked about different supports within the school and community for students.
- March 27/19- **SAFE** - Staff spoke about ways students can keep safe while in the community, at school and at their boarding homes. Students encouraged to reach out for help at any time, reinforced on-call supports and wellness programs/services.
- April 24/19 – **Crisis Response** reminded students about the services available to them, how to access them and students got a few reading resources.

2019-2020 Student Harm Reduction Training and Workshops:

- Sept 18-19, 2019 - **Party Smart, Party Safe:** This workshop was the beginning of Orientation Week for the students. Students learned about the dangers of various drugs and alcohol use. Harm reduction strategies were shared and students encouraged to come up with some of their own strategies. During this workshop students were provided numerous resources in the city of Thunder Bay such as AA Meetings, NA Meetings, and Crisis Response.
- September 25, 2019 - **Healthy Coping:** During this workshop students learned about what healthy coping skills are, how to use them in difficult situations, identify what coping skills have worked in the past as well as compiling a list of healthy coping skills they can use in the future. Students also learned about the unhealthy coping skills they may use and tips for trying to change them and begin to use healthy coping skills. Students were provided a "cheat" sheet that consisted of several healthy coping skills to support them in various aspects of their lives such as boarding home, school and community.
- October 9, 2019 - **Stages of Substance Use and Harm Reduction Strategies:** This was an Educational workshop that taught students about numerous types of drugs both legal and illegal, the side effects short-term and long-term and the risks associated with each drug. Students were given different harm reduction

	<p>strategies and scenarios that they should use them in. Students were provided resources and informed of different treatment methods/options.</p> <ul style="list-style-type: none"> • October 16, 2019 - Holistic Wellness: Students learned about their own wellness in a holistic approach. Discussions and activities around what holistic wellness is and strategies on how they can use them in their daily lives. • October 23, 2019 - Superior Points Presentation Harm Reduction: Superior Points presented to the students about the services they offer within the city of Thunder Bay. They provided students with harm reduction items such as condoms. The students were taught about Naloxone, how it works and when it should be administered. • December 18, 2019 - Lesson #5 - The Fourth R - Impact on Substance Use and Abuse: During this session students learned about the different levels of substance use, understand the impact of substance use on themselves and others, understand harm reduction and ways to help a friend who is struggling with substance use. • March 20, 2020 - Alcohol and Risk-Related Trauma in Youth (delivered by P.A.R.T.Y. Program) at Thunder Bay Regional Hospital • In addition, our orientation workshops with St. Joseph’s Care Group drop-in, weekly Mental Health Wellness Hikes, and our Mental Wellness Workbook Series in response to the COVID-19 pandemic also provide harm reduction information to students (see Recommendation #71 for more information on these programs).

RECOMMENDATION 144

The Organizations receiving recommendations should endeavour to agree on a process whereby the annual reports will be posted in a central location on the internet (e.g. on a website of one of the organizations). Acknowledging that the First Nations parties who receive recommendations have limited resources, those parties should prioritize actual actions responding to recommendations over reporting on those actions and should only be expected to provide annual reports if they have the resources to do it.
