First Nations Travel Checklist During COVID-19

This is not a mandatory document; it is a tool to assist First Nations when travelling during COVID-19

Prior to Community Departure:

ITEM	DESCRIPTION
Informed on Community Travel Guidelines	In & Out of the Community (Take Handout if Available)
Identification	Health Card, Status Card, Drivers License,
Face-covering or Face Masks	Now an airline requirement. Homemade is acceptable
Community Contact List For Return Travel Home	Pandemic Team Leader: Nursing Station:
IF REQUIRED Physician/Nurse Letter Always Keep Copy on You	Stating you have chronic conditions (Ex. Asthma) that are similar to COVID-19 symptoms. Airlines will not board you if you do not pass their screening. If you develop new symptoms such as cough/fever you will not be able to board
Medical Patients Only	
Appointment Letter & Contact Documents (transportation contacts upon arrival)	
NIHB Travel Warrants- For Appointments in Southern Ontario past Thunder Bay	

ITEM	
* Same Items as Above	
Contact your community to confirm available/potential return dates to ensure safety of the community.	
Book return travel on accepted dates received from your community.	
If denied boarding, ask airline for contact information sheet provided by Thunder Bay District Health Unit in Thunder Bay or Northwestern Health Unit in Sioux Lookout. Any other destinations contact your community.	
Medical Patients Only	
Once appointment is complete, contact your community to confirm available potential return dates to community.	
Inform Accommodations or NIHB clerk on accepted dates received from your community for return travel home. If you stay private or not contact here.
